#### Today’s New Insurance Risk

**PM Session--- 3 Credits.**

Times have certainly changed. Have brought new types of risk exposures. New business models have presented challenges to our traditional insurance industry.

- Ride Sharing (Uber, Lyft, etc.)
- Usage-Based Insurance
- Self-Driving Cars
- Home-Sharing (AirBnB, etc.)
- Drones

#### Fundamentals of FEMA Flood Insurance

**AM Session---3 Credits**

Floods can happen at any time and anywhere. A flood is physically and financially devastating. This course takes an in-depth look at how the government-backed flood program and flood insurance works. The course reviews the National Flood Insurance Program and the role of FEMA as the managing government agency. Included is a discussion of the process a community completes to become a member of the NFIP, the designation of flood zones, the coverages and exclusions of the policy, and how this protection fits in with existing homeowners and building insurance.
